## Aurora Solar Screen Fabric

## Product Specifications

Benefits: Aurora fabric consists of vinyl-coated polyester yarns woven in a $2 \times 2$ basketweave configuration. It is a value-priced fabric that provides excellent view-through visibility.

| Care \& Cleaning: | Remove dust with a vacuum cleaner or compressed air. Clean with a sponge and warm soapy water using mild detergent. <br> Rinse with clean water. Do not scrub. Do not use solvents or abrisives that could harm the coating of the fabric. Leave the <br> blind down until completely dry. You may also very gently rub the fabric with a clean white pencil eraser to remove small <br> stains. |
